For prescribers licensed in Colorado

Pursuant to the Colo. Rev. Stat. § 12-42.5-308 (2019), GSK makes the following pricing disclosure to individuals licensed by the State of Colorado to prescribe prescription drugs. The price(s) below represent the wholesale acquisition cost (or WAC), also known as list price, for NUCALA[1] as of the date of this notice.

WAC is the listed price to wholesalers not including prompt pay, stocking or distribution allowances, or other discounts, rebates, or chargebacks. Listed price may not represent prices charged to other customers. For more information on the prices that patients pay, please check with the patient's healthcare provider.

Where available, GSK also identifies up to three (3) generic prescription drugs from the same therapeutic class as the GSK product listed. Please note that the identification of any generic product in the table below does not imply that that product is preferred, available commercially, interchangeable with any other product, nor is it intended to be a claim regarding the efficacy or safety of that product.

Prices are subject to change without notice. This notice is not a solicitation and does not constitute an offer to sell any GSK product.

WAC for NUCALA (mepolizumab) for injection, for subcutaneous use as of January 2026

GSK Product Name w/ Strength	NDC or UPC	Pkg Size	WAC (Pkg)	Generic	Generic	Generic
